

Clothing and Uniform Policy

The nursery uniform consists of a blue sweatshirt, blue jogging pants, a yellow polo shirt. The summer uniform is a yellow polo shirt and navy shorts. The jogging pants / sweatshirts can be embroidered with our school logo. They are available to order from West Derby Schoolwear situated on Eaton Road or Lisa's Schoolwear on East Prescott Road. Alternatively you might wish to purchase plain blue sweat shirts, bottoms and polo shirts from high street stockists. The main thing is that your child is comfortable, warm and happy! We have a uniform because it meets many of our children's needs. They will need to take themselves to the toilet, put on their own coat and sometimes change their shoes or put on waterproofs. They will therefore need trousers and underwear which they can get up and down easily. We will always support a child who needs help with these things, but with up to 50 children moving around the nursery, it will obviously help to avoid distress and frustration if they can be as independent as possible rather than having to wait for adult help.

Children do have access to the outdoors in all weathers, so please ensure that your child is appropriately dressed in practical clothing - this means covering up in the sunshine and warm coats and jumpers in cooler weather, all of which can happen at any time of the year! We do provide waterproof trousers and jackets, but your child will need a pair of Wellington boots, marked with their name in each boot. In order for children to access the outdoor independently, we ask that the children wear a pair of Velcro shoes.

NB. We would respectfully ask that ALL items of clothing be clearly labelled with your child's name. This is especially important for uniform items, of which there will be many. Unfortunately, the nursery cannot take responsibility for lost or damaged items of clothing.
