

Home visits

We feel this is a very important part of your child getting to meet us and us getting to meet your child in their secure, familiar surroundings of home.

We will make an appointment with you to visit in September. At this meeting we will show photographs of the Nursery setting and information on what you need to bring on the first day your child starts. This meeting also gives parents the opportunity to ask any questions or tell us about anything we should know about your child (i.e. medical details)

Any other questions?

We hope that we've covered everything in this booklet that you will need to know, and that your child will have a lovely time with us. If there is anything else that you would like to ask us, however, please speak to any of us at any time.
